FOUR CHILDREN ESCAPE FLAMES

Rescued from Upper Bedroom by Mother and Son While Pool Shooters Play.

DAMAGE IS ABOUT \$5,000

Game in Poolroom Continues While Fire Roars Below Unsuspecting Players.

While a dozen players and spectators lounged about in a poolroom at Sherman avenue and Park road northwest last night, unaware of a fire below them, four children escaped from a fire that broke out in the upper bedroom of a house at 1515 G street, N. W.

The fire was as yet undiscovered and the players were still at their game as Mrs. William Gass and Frank Gass made the second journey with their sleeping children. When George, 5 years old, and Charles, 10 years old, had been placed safely in the hands of the neighbors, Mrs. Gass hurried to her son, William Gass, Jr., proprietor of the poolroom, and told him to run to the fire alarm box, two blocks away.

Every one was so excited they forgot all about the telephone in the building, and by the time the firemen arrived the flames had gained such headway that another alarm was turned in. Chief Wagner arriving with five other pieces of apparatus. Four were already at work.

Mrs. Gass was sitting in the kitchen on the second floor, talking with her son Frank. It was about 10 o'clock. They were waiting for the return of Mr. Gass, the husband and father, proprietor of a large grocery store adjoining the poolroom and under their house.

Mrs. Gass first smelled the smoke, and seeing her son Lawrence, 2 years old, in her arms, and commanding Frank to follow with Albert, 10 years old, she hurried down the stairs. They returned for George and Charles, having not yet warned the neighbors and occupants of the poolroom of the fire.

The fire was confined in the basement, where a fine stock of groceries was stored.

DEMOCRATS RAISING FUNDS.
Palmer Signs Letters Asking for Money for Coming Campaign.

An appeal is being sent out from the Democratic national committee headquarters in Washington, signed by A. Mitchell Palmer, recently appointed justice of the United States court of claims, asking for contributions to the fund of the committee. Mr. Palmer has signed the letter as chairman of the subcommittee on finance. Each member of the national committee has been urged to collect all the funds possible to start the work and letters have been sent to men who have contributed to the campaign in the past.

A story was afloat yesterday that the letter appealed for a fund of \$100,000 to start a movement for the election of Wilson, but Mr. Palmer, who was busy at the headquarters signing his name to letters, denied that it was to promote a boom for the President's re-election.

"The President will be re-nominated," said he. "It will not be necessary to organize for that purpose. That has been decided all along. All this talk about work under the surface in the interest of other candidates is unfounded."

MORE WARS DUE, SAYS SEIDEL.
The Former Socialist Congressman Blames Capitalism.

The present war, instead of being the last, will be only the first of many great struggles that will involve the world unless capitalism is crushed, in the opinion of Emil Seidel, former socialist mayor of Milwaukee, and member of Congress from Wisconsin, who addressed the Socialist party of the District at Pythian temple last night.

"The terrible war now raging is the result of the efforts of the trusts to gain control of the international markets," he declared. "They have mastered the local markets and they are now directing their efforts at the international markets."

"The present condition, which President Wilson insists is merely a psychological depression, is exactly the same as the great panics of the past. The only reason they are called a depression today is because they didn't commence with a number of large failures. And they didn't commence today because the trusts work together and there is no competition."

Note Ready for Cables.
The American note to Great Britain respecting the British order-in-council was prepared for cable to Ambassador Paley yesterday. It is expected that it will be in the hands of the British government today or tomorrow, and publication of the communication will follow soon after its delivery in London.

PRAIRES HERREW RACE.

Dr. Simon Says World Secured Right Ideas from the Jews.

Hebrews of Washington observed the second day of the week's Feast of the Passover with sessions in various District synagogues and temples yesterday. At the Eighth street temple, Rev. Abram Simon preached on "Elijah and Watchful Waiting." Dr. Simon declared the world obtained its ideas of liberty, justice and correct conception of God from the Jews, and that they should receive every decent and proper consideration for that reason alone.

The sermon was delivered in the morning. Last night the Temple Sisterhood rehearsed the seder services for the benefit of the children of the Eighth street temple.

Rabbi Grossman preached at Adas Israel temple last night on "The Passover: Its True Significance." He also conducted morning services at the temple.

Kaiser George Sillstone is in charge of Passover services at Alhambra Synagogue.

No services will be held at the Eighth street temple today or tomorrow. Friday night Dr. William Rosenau, of Baltimore, will conduct the worship.

DEAD STREW FIELD AS WESTERN BATTLE OPENS

Great Vigor Displayed by Armies in France—German Losses Reported Heavy.

LONDON, March 30.—Fighting has been resumed with great vigor on the entire western front, but with little result which affects the general military situation.

The carnage on the slopes of the heights in Alsace has been terrific. Tonight's official communiqué states that 70 bodies of Germans were counted on the battlefield at Hartmannswillerkopf. A Geneva dispatch to the Temps says the German offensive in Alsace since February 18 has cost the Kaiser 8,000 killed alone.

The German drive in this quarter was begun by 50,000 troops which were quartered in the valleys around Kaiserberg, Munster and Deiweller. At the outset they forced back the Alpine chamois by sheer weight of numbers, but when the French reinforcements were brought up they were checked and hurled back beyond their original positions.

A report from Liege states that many trains laden with munitions have passed through there en route to Courtrai. Heavy German reinforcements are arriving daily at Ghent.

UNCLE SAM IS IN THE DARK.
He Has New Building, but Can't Light It.

The State Department has a new branch building at 1703-1705 New York street, but the State Department is unable to light it.

The building was leased for one year, the owners agreeing to furnish heat, but the State Department was to furnish its own light by running a conduit to the lighting plant of the State, War and Navy Building.

Comptroller of the Treasury Downey says that the public funds cannot be expended for the laying of such a conduit.

State Department officials are puzzled as to how they are going to light the new branch.

SEARCH FOR YALE JUNIOR.
Goodhue Has Relatives Living in Capital—Missing Since Sunday.

New Haven, March 30.—Charles Prentice Goodhue, a Yale junior and son of a wealthy retired New York banker, who has been missing since Sunday night, is being sought by relatives, fellow-students and the police.

The reported relatives of Goodhue could not be located here last night. The Washington police have not been asked, thus far, to aid in the search.

"VICTIM" SINKS SUBMARINE.
U-37 Goes to Bottom When She Bumps Steamer.

Shields, March 30.—The German submarine U-37 was rammed and destroyed after she had torpedoed the steamer Dalmira, according to a statement made today by Ernest Dunn, second engineer of the Dalmira.

When the submarine sighted the steamer Dalmira, she was cut adrift and the submarine was submerged preparatory to attacking the Dalmira. The latter altered her course and went right over the submarine's conning tower. The latter subsequently disappeared.

Will Tell U. S. Attitude on Loans.
Secretary of State Says Loans to Russia Must Be Made on Basis of Sound Business Principles.

Washington, March 30.—Secretary of State William Jennings Bryan said yesterday afternoon he would state the attitude of the United States government toward loans and the establishment of credits in this country for the belligerent governments in the European war. He indicated that the statement would be issued before the end of the day, but left his office without taking steps in that direction.

It is now presumed it will be issued today.

Stevens Bible Class Session.
The Stevens Bible class held a reunion last night in a local motion picture theater, the entertainment being furnished by the Grout Club.

The class was held at the Grout Club, under the auspices of the Grout Club, and was given by Walter Hutchinson and Paul McQueen, and addresses were delivered by Dave Wolf and Rev. U. T. Stevens.

GEN. VON KLUCK WOUNDED.

The German official announcement says that Gen. von Kluck was slightly wounded by shrapnel when inspecting advanced positions of his army.

The reports add "his condition is satisfactory."

It was von Kluck's army which pushed forward toward Paris faster than any of the other units of the German advance—too fast, in fact, for it permitted the army of Paris to attack his right flank.

CONCERTS BY MANY HANDS.

Musical Will Be Feature of Coming G. A. R. Encampment.

Music by a score of bands will be one of the features of the G. A. R. encampment in Washington next fall. Musical organizations from all parts of the country are expected to arrive here, accompanying military associations.

The concerts will be held on the Capitol steps in the White House ellipse and in other favorable locations to be chosen later. Grandstands will be erected to accommodate concert audiences.

These are some of the plans tentatively agreed to by the music committee of the full encampment committee, which met yesterday in the Chamber of Commerce offices. E. H. Droop is chairman of the committee. The meeting of the committee, the first since its appointment, was for organization purposes.

The committee on badges, of which William T. Gallier is chairman, also held its initial meeting. Specifications and designs for the badges were considered, the decision being left to a subcommittee, of which J. Harry Cunningham is chairman.

EXPLAINS ALEXANDRIA ANNEXATION DECREE

Attorney John M. Johnson Speaks at Joint Session of City Council.

Alexandria, Va., March 30.—The details of the decree handed down by the state court of appeals in Alexandria's annexation suit, whereby Alexandria on Thursday assumes control of a part of Alexandria and Fairfax counties, was explained by Attorney John M. Johnson tonight before a joint session of the city council attended by the mayor, members of school board, board of police commissioners and many other city officials.

Attorney Samuel G. Brent made a brief statement and both attorneys answered questions.

According to Mr. Johnson, the present assessment on the property taken over is about \$1,000,000. Taxes paid in by Alexandria County are approximately \$350,000 and the amount of taxes to be derived from the territory taken in from Fairfax County is about \$450,000. The city will have to pay Fairfax County a total of \$100,000 for schools, Hunting Creek bridge and roadway on South Patrick street.

The annexing of the new territory will mean the opening of the following streets on the south to Hunting Creek: Henry, Patrick, Alfred, Columbus, and Jefferson. This is in accordance with a deed made in 1790 by one Gill, who owned most of that section of the city and who sold it off in blocks with the understanding in the deed that if the property was ever taken over by the city it was to be opened for the passage of street. Many of these streets are now blocked off by fences and buildings.

Regarding the school taken in Mr. Johnson explained that the city will not have control over West End school for this year, but that by the decree provides the pupils will have the right to continue going for two years after the close of this session free of charge.

The present state assessors for the city, he explained, will assess the property for the ensuing five years, although the city taxes on the property taken in shall not be increased for five years. If Alexandria should expend in permanent improvements 12 per cent of the assessed valuation of the newly acquired territory, the taxes could be increased and the taxes derived therefrom could be used as the city saw fit.

In all there are about four miles of roadways in the territory taken in, he explained. Mr. Johnson also told of the other provisions of the decree for police territory, on suffrage, fire and other things.

The resolution appropriating \$35,000 for the new high school was read and laid over until Friday night, by the lower branch of council. Permission was granted H. T. Beach to rebuild a stable destroyed by fire Saturday.

A commission for the right to erect a monument on the site of the old city hall was granted to S. P. Fisher setting forth that the title to Friendship Engine House is vested in the city and submitting a bill for examination of title was laid over.

The search for Ralph Johnston, 2 years old, son of John Johnston, who lives across Hunting Creek, Fairfax County, south of here, who mysteriously disappeared Christmas Eve night, and whose whereabouts today are as much a mystery as on the night he disappeared, has again been renewed with great activity. The boy's father is leading in the search.

The State corporation counsel has granted a charter to the Citizens' Home Insurance Company, incorporated in this city, with capital stock of \$25,000 to \$50,000. Officers are: W. W. Crisp, president, Norfolk; John N. Lawler, secretary and treasurer, this city. This concern, it is understood, will shortly open its main office in this city.

The choir of St. Paul's P. E. Church tonight rendered Maunder's "Olivet to Calvary." The services were largely attended.

Mrs. Frederick J. Paik, retiring matron of Martha Washington Chapter, No. 42, Order of Eastern Star, has been presented with a handsome gold jewel by that organization. A speech of presentation was made by Henry K. Field, grand worthy patron of the Grand Chapter of Virginia, to which Mrs. Paik responded.

Graham & Osden, real estate dealers, have sold to Mrs. L. M. Lusk, Donald a house and two lots in Del Ray. They have also sold for the American Realty Company, of Washington, four lots in Del Ray to Mrs. Lavinia McDonald and Edward McDonald.

Mrs. Effie Regina Nash Piper, 35 years old, a former resident of this city, died Sunday, Pa. Besides her husband, William Francis Piper, she is survived by two children.

Funeral services for James Eveleigh will be held at 3 o'clock tomorrow afternoon at the late home, 422 South Fairfax street. They will be conducted by Rev. Dr. John Lee Allison, pastor of the Second Presbyterian Church, and held will be in the Presbyterian cemetery.

Cornelius Ford's funeral took place at 2:30 o'clock today from St. Mary's Catholic Church, Rev. L. F. Kelly officiating. Burial was made in St. Paul's cemetery.

Rev. W. J. Morton, rector of Christ P. E. Church, will conduct the funeral of City Councilman Robert L. Monroe, which will be held at 2 o'clock tomorrow afternoon at his late home, 810 North Washington street.

The will of William H. Davis was admitted to probate today in the circuit court for this city. Testator leaves his estate to his widow, Mary Ellen Davis, and she qualified as executrix.

Consulate Fall Before Crisis.
Constantinople, March 30.—Turkish troops are again on the offensive in Thrace. Causes it was learned by the war office today and has led to the evacuation of the Turkish army of 100,000 men.

UNION BREWERS VOTE TO STRIKE

Five Organizations, Embodying 350 Men, Decide on Walk-out.

PLANTS HERE MAY CLOSE

Employees Refuse to Return Unless Lay-off Provision Is Included in Contracts.

Five powerful unions composed of local brewery employees late last night voted unanimously in favor of striking. The strike will become effective Friday morning.

More than 350 employees are involved in the walk-out. The five unions are the organized brewers, the bottlers, the brewery wagon drivers, the brewery engineers, and the brewery firemen.

The employees demand that there be inserted in their new contracts with the master brewers a provision for a lay-off system during slack periods, so that all of the workmen may be furloughed from time to time for short periods, instead of discharging some employees indefinitely or permanently.

The old contracts expire tomorrow midnight. The master brewers refuse to include the proposed provision in the new contracts.

The only condition on which the employees will return to work after Friday morning will be the inclusion of the lay-off provision in the contracts.

Four hours the members of the five unions were in session, crowding Painters' Hall, in Pennsylvania avenue northwest, near Third street.

John Sullivan, of New York, and A. J. Kugler, of Cincinnati, international officers of the United Brewery Workers of America, attended the session.

The organization would sanction whatever action the five unions, after careful consideration, should deem expedient to take. Shortly after 11 o'clock a secret ballot was taken and the vote was found to be unanimously in favor of a strike.

Mr. Sullivan, Mr. Kugler, and Henry Miller, chairman of the joint committee representing the five unions, will visit Leon Tobriner, attorney for the master brewers, at 10 o'clock this morning at his office, 27 John Marshall street northwest, to notify him officially of the action of the employees.

Practically all of the local breweries will be compelled to cease operations Friday morning, when the strike becomes effective, unless speedy efforts are made to secure nonunion men for the positions.

TO WORK ON PARKING PLANS.
Pullman and Brownlow Will Consider Conditions.

Remedy of downtown parking conditions will be one of the first jobs Raymond Brownlow, who has undertaken following his induction into the office of mayor and superintendent of police on Thursday. Mr. Pullman and Commissioner taken in shall not be increased for five years.

Business men of the downtown district feel that police regulations governing the matter should be changed in several respects. The zone for parking automobiles should be enlarged and laid out more equitably, they say. Permission for the establishment of zones within the present restricted area is urged by others.

Yesterday, the Commissioners opened a new parking zone in the street between Fourth and Fifteenth streets northwest. The carriages are permitted to stand within the outlined area in the middle of the street.

FRENCH LIFE HARD, INDEED.
Young French Savant Swings Pen While Shells Fly.

Paris, March 30.—What is described as a "highly scientific opusculum on the Parisian Infirmary of Cephalopods" has been written in the trenches by a young savant named Colin and read at the Academy of Sciences.

Colin was investigating the matter should be changed in several respects. The zone for parking automobiles should be enlarged and laid out more equitably, they say. Permission for the establishment of zones within the present restricted area is urged by others.

Yesterday, the Commissioners opened a new parking zone in the street between Fourth and Fifteenth streets northwest. The carriages are permitted to stand within the outlined area in the middle of the street.

To Entertain University Club.
The Glee and Mandolin clubs of Brown University, accompanied by a quartet, solists, and reader from the institution, will furnish entertainment for the members of the University Club at a social meeting next Saturday night at 9 o'clock in the clubhouse.

Classical and folk music will be presented and college students will be included in the program.

Gray May Recover.
Physician at Georgetown Hospital last night declared the condition of Deputy Sheriff Charles R. Gray, of Montgomery County, Md., who swallowed a half ounce of carbolic acid Monday, had improved slightly during the day. The possibilities of his recovery are greater, they say.

Open 8:30 A. M.—Close 5:30 P. M.
